

Country	Tax rate, €per kg	Name of tax-base in the database
Australia -- New South Wales -- High	1.058	Nitrogen oxides emissions to air - between fee rate threshold and the legal annual load limit - Sydney Basin area in Summer
Australia -- New South Wales -- Low	0.019	Nitrogen oxides emissions to air - below fee rate threshold - outside critical zones
Canada -- British Columbia	0.007	Contaminant Fee for Nitrogen Oxides Air Emission Permit
Czech Republic	0.032	Air pollution fee, Nitrogen oxides
Estonia	0.048	Air pollution charge, NOx
France	0.065	Oxyde d'azote et autres composés de l'azote, hors protoxyde d'azote, émises dans l'atmosphère
Italy	1.048	Charge on air pollution, NOx emissions
Latvia	0.042	Air emissions charge, NOx emissions
Lithuania	0.138	Air pollution charge for stationary sources, NOx
Montenegro	0.002	Air emissions charge, Nitrogen oxides expressed as NO2
Norway -- General	1.920	Tax on emissions of NOx, Propulsion machinery with a total installed capacity of over 750 kW
Norway -- Incineration	2.100	Tax on the final treatment of waste, Emissions of NOx from a waste incineration plant
Poland	0.125	Charge on air pollution, NOx - recalculated as NO2
Romania	0.005	Air emissions charge, NOx
Slovak Republic	0.048	Air pollution charge - large and medium sources, Measured or estimated NOx emissions
Spain -- Aragon	0.050	Tax on environmental damage caused by emissions to air, NOx emissions
Sweden	4.147	Charge on NOx emissions, NOx emissions by energy-producing plants
US -- Maine -- High	0.015	Licensed emissions of NOx larger than 4000 tons per year + surcharge of 4 USD
US -- Maine -- Low	0.006	Licensed emissions emissions of NOx 1-1000 tons per year + 2 USD surcharge
